Have fun on over 37 rides and attractions and enjoy 100 daily performances along with the traditional cuisine from each country and region at the 76 bars and restaurants throughout the park. Come to Sesame Adventure, the family park where the little ones can meet its magical inhabitants.

Discover a typical Mediterranean coastal city, experience a shootout in the Wild and discover the most exciting rides from Mexico. The largest area is China, which has its own route based on the Great Wall of China. In Polynesia, you will find the quieter area and rides, perfect to relax from a frantic day. Children will enjoy Sésamo Adventure, a theme park inspired in Sesame Street, the children's favorite.

Discover Angkor and embark yourself on a fantastic adventure in the lost kingdom, go for the 8 loops of the Dragon Khan, rise to 100m free and experience the free-fall of the Hurakan Condor or try Furius Baco, the fast ride that will launch you from 0 to 135km/h in less than 3.5 seconds.

Boat rides, simulators, water slides and canoe tours, are some other experiences you can add to your day.

After enjoying the roller coasters and countless attractions, why not relax while watching a show? The performances change every day, however, different shows dances, acrobatics and parades with Sesame Street's Cookie Monster and many more are included.
